## How payment works

50% to book the work in, 50% on go-live. Care plans are monthly and can be cancelled with 30 days' notice. Everything is quoted in euro, VAT is shown separately on your invoice, and the price on your quote is the price you pay.

## What decides where you land

The number of workflows, how many tools need to talk to each other, and how much of your existing process needs tidying first. After a 20-minute call we can usually tell you which package fits and give you a figure the same day.
